top experts
held lectures

What is BioCamp?

BioCamp 2020 is a three day forum, that brings together selected top students with distinguished experts and top managers. It is a great opportunity to gain direct insight into the world of research and international business environment within the pharmaceutical industry.

Program

Key-note lectures of leading professionals:

- New business models in pharma industry
- Patient view on treatment opportunities
- Professional development of students
- Discover and design innovative business solutions for actual challenges in pharmaceutical industry
- Career opportunities in the pharmaceutical industry
- Site visits

Who may apply?

Masters, doctoral and post-doctoral university students from natural, business and technical faculties. The event will be held in English. A total of **42 selected students** will be chosen based on their academic excellence, professional experience and extra-curricular activities.
